Supported by The Big Lottery Fund

LOTTERY FUNDED

Sessions

Workshop 1

About Social Enterprise

1

Social Enterprise Berkshire (SEB) is a business support organisation with a difference. Their aim is to establish and promote a vibrant social enterprise sector throughout Berkshire. They believe that social enterprise contributes to social inclusion, community and skills development and to a sustainable economy. Social Enterprise Berkshire is about helping communities to help themselves. Come and find out from Tony Davis the benefits of setting up a Social Enterprise.

Funding from British Airports Authority

2

The awards are funded by Heathrow's passengers, Heathrow Airport and the Heathrow community relations team, and delivered in partnership with Groundwork Thames Valley. The awards will help groups across the Heathrow area to start projects to support their community and improve their local environment. Groups must operate in the Royal Borough of Windsor and Maidenhead or the Borough of Slough.

Workshop 2

Blackberry RIM - Using new technologies

3

Research In Motion (RIM), a global leader in wireless innovation, revolutionized the mobile industry with the introduction of the BlackBerry® solution. BlackBerry products and services are used by millions of customers around the world to stay connected to the people and content that matter most throughout their day. The session will explain ways of using current and new technology and how to make use of them as a fundraising tool.

The Co-operative Membership Community Fund

4

Since The Co-operative was formed in 1844, it has always been committed to helping the communities that it serves. Our members donate a share of their profits to the scheme, allowing local voluntary groups, community groups, charities and self help organisations to benefit from a small, one-off grant.
